

SUN BEAMS

By WALTER M. BARRETT

You can't help but admire the spirit of the Tahoe Women's Club. The ashes of their recently-demolished clubhouse were hardly cold until they had their heads together planning some way to erect another. This clubhouse served as a civic center in Tahoe City. It was utilized by all the lake clubs and organizations as a meeting place and its loss was keenly felt, but with the club members, actively supported by their neighbors and friends, on the job, there is little doubt that a new and even better center will result. We must appreciate a community that hits in unison when a project for the betterment of the district is proposed.

We are fully conscious of the many fine and often heroic duties of the forest service. We have learned to esteem the foresters for their untiring efforts during threatening fires and realize the many chores which they have daily. But, there is one little item which we here in Truckee miss sorely and that is the cooperation of the department in our efforts to promote and further winter sports activities. The press in other snow areas is constantly reminding us of the good work being done by the forest service in their areas. New snow sport fields are being opened, egress is made easy for the visitors and in many cases the foresters and rangers work hand in hand with the chamber of commerce or winter sport organizations in promoting programs. Since our arrival in Truckee we have never enjoyed meeting a forest service man at a winter sports meeting and while, no doubt, they are willing to assist in time of necessity, we have perhaps been too lax in soliciting their aid.

Don't forget the Armistice Day dance at Masonic Hall Saturday night.

It might be our imagination, but since we quit harping on the unsightly condition of the streets and alleys due to the unwarranted collection of debris, the situation seems to have gone from bad to worse. Imagination might have something to do with a great deal of it, but we had occasion to open our back door the other day and lo, we were faced with a pile of rotten lumber, some empty and discarded buckets, a few broken bottles and a collection of this and that which has us almost barred from going through the rear entrance. We sincerely hope that the owner of the lumber has it removed immediately and that the elusive powers that be see fit to have the collection of debris removed. It is not only unsightly, unsanitary and highly unnecessary, but offers a fire hazard of more than passing comment.

Did you know that your Truckee merchants have been busy during the past few weeks making selections of holiday merchandise which will soon be displayed for your approval. We will venture to say that while these displays will not be as frequent and in many instances less elaborate than in larger centers, you will find them just as good with prices equally as low, or perhaps lower than elsewhere. Why not this year make it a rule to do all your Christmas shopping in Truckee.

FIRST SNOWFALL OF SEASON BLANKETS TRUCKEE REGION

Truckee experienced its first snow storm of the year Thursday morning when between three and four inches blanketed the ground following a spring-like day on Wednesday. Reports were that there was about two feet on the summit where snow plows were operating to keep the traffic moving.

The chain control was being maintained to prevent accidents and keep traffic on the go.

Indications were that the storm would not continue and that clear-weather will follow.

SENIORS TOP HIGH SCHOOL'S HONOR ROLL FOR PERIOD

The local high school seniors, represented by the Misses Marjorie Everett and Dorothy Snider and Miss Ellen Everett and Lileo Guidi of the sophomore class were successful in reaching the honor role for the first quarter.

The juniors and freshmen were left lagging on the wayside for scholastic honors for the first 10 weeks.

UNEMPLOYMENT SURVEY TO BE CONDUCTED HERE

Possibility of Project Here Looks In Plan For Nation

APPLICATIONS READY

Census Will Be Taken Here From November 6 To 20th

Postmaster E. C. Bavie announced this week that the nation-wide unemployment census would be conducted under her supervision in this district from November 16 to 20.

The survey is being taken at the direction of Congress and President Roosevelt has approved a plan for the census of all unemployed and partly unemployed workers. All persons at work on projects of the government are to be included in the survey.

The number of unemployed will be determined from information secured by voluntary individual registration. The cards may be obtained at the post office.

After November 20 they will be sent to Washington. All questions will be of confidential nature.

The president said: "If you give me the facts, I shall try to use them for the benefit of all who need work and do not now have it."

Congress directed the census to be taken to provide information "to aid in the formulation of a program for reemployment, social security and unemployment relief for the people of the United States."

Those who are asked to register are:

- 1.—All persons who are totally unemployed, able to work and want work.
- 2.—All persons who are partly employed, able to do more work and want more work.
- 3.—All persons working full time or part time on projects of WPA, NYA, CCC or other emergency work projects which are supported by the public funds.

Check Writer Is Held To Superior Court At Hearing

Held In Jail In Lieu Of Bail Fixed By Court

Mel Grodzik, 35, a former Lake Tahoe bartender, was held to answer to the superior court following a preliminary hearing before Justice of the Peace C. E. Smith here Monday. Grodzik is accused of passing a worthless check on the Tourist Cafe in Truckee several weeks ago.

The only witnesses at the hearing were Andy Roquette, owner of the cafe, and C. B. White, manager of the Bank of America here. The latter testified that the defendant had had an account in the bank but had insufficient funds to cover the \$17 check cashed at the cafe.

In lieu of \$1000 bail fixed by Justice Smith, Grodzik was returned to the county jail at Nevada City to await trial in the higher court.

SISTER OF TRUCKEE FIRE GUARD DIES

Death of his only sister and only surviving relative, Miss Margaret Maher, 64, widely known Nevada County woman last Friday, caused Frank "Waddles" Maher, veteran forest guard to leave his post on Martis Peak, east of here, for the first time in 24 years.

Maher was replaced on Friday when word came that his sister had expired following a brief illness. Throughout the 24 years, Maher each season has faithfully maintained his lookout. It was not known whether he would return to his post this year or not.

Complete Plans For Snow Sport Activities Here

Committee Volunteers Here To Solicit Funds For Sports

Decision to continue the winter sports activities here, even if on a modified scale, but with assurance that the ice rink will be made ready for the season, was reached at a meeting of a group of local businessmen, numbering about 20, at the California restaurant last night.

A volunteer committee comprising Mrs. Edith Fay as chairman, Chester Elliott and John Ciardella, was selected to interview the businessmen of Truckee in an effort to raise sufficient funds to complete the surfacing of the ice pond and care for other needed repairs and equipment. It is hoped that between \$800 and \$1000 can be raised.

The general opinion of those who attended the meeting was that the completion of the ice rink offered the best program for this season.

C. Edmunds, for many years the active leader in the winter sports program and manager of the sports here, agreed to again officiate in that capacity.

President C. B. White of the local chamber of commerce presided.

Legion Dance To Be Held Saturday As Plans Complete

Committee Reports Ticket Sales Indicate Big Attendance

Charles Pierce, chairman of the American Legion's dance committee, announces that all is in readiness for the annual Armistice Day dance at Masonic hall Saturday evening. The hall is being fittingly decorated and the floor made ready for the large group of dancers which is expected to attend.

Advance ticket sales indicate that the crowd this year will exceed that of last, according to Andy Roquette, who leads the parade with 70 tickets sold, personally.

The Four Aces, the same orchestra which provided the gay music for the firemen's dance on Halloween, has been engaged to furnish the rhythm.

GRAND OFFICER OF KNIGHTS VISITOR AT TRUCKEE MEET

The local Knights of Pythias lodge was honored by a visit from Wilbert C. Hamilton of Los Angeles, grand vice chancellor of California, last Friday evening.

For the benefit of the distinguished visitor, six men took the page rank. They were: August Sassarini, Addison Nelson, Clair Goode, Elmo Granata, Robert Bick and Andrew Armata.

Following the degree meeting Hamilton gave an inspiring talk to the 50 members present and later a beef stew, prepared by Harold Laity and Fred Kohler, was enjoyed.

THOMAS HENNESSY, PROMINENT LAWYER EXPIRES AT HOME

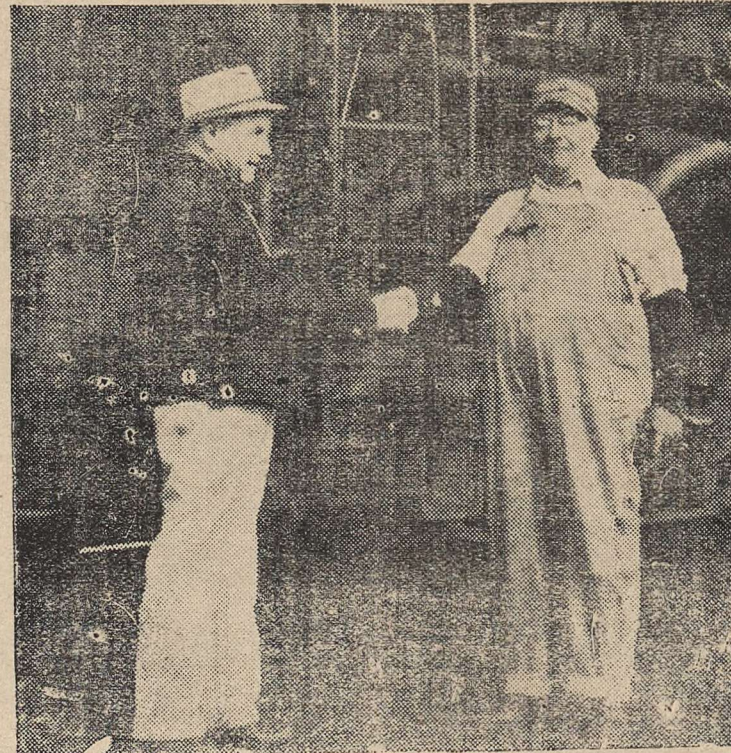

Funeral services were held at St. Patrick's Catholic Church in Grass Valley on Monday morning for John Thomas Hennessy, 67, well known lawyer of Nevada County.

Rev. Father James O'Meara was in charge of services. Interment followed in the Catholic cemetery.

Hennessy was a native of Grass Valley and spent the greater part of his life in that section. He taught in the rural schools of the county as a young man before being admitted to the bar.

The superior court was adjourned by Judge Raglan Tuttle on Friday out of respect for the deceased and named W. E. Wright and Lynn Kelly to draw up resolutions in John T. Hennessy's memory.

Veteran Engineer Retires

M. J. (Mike) McCue, veteran S. P. engineer, and for many years a resident of Truckee, who retired from service the first of this month is shown here as he stepped from his cab for the last time. He is being greeted by B. J. Reardon, foreman of the local roundhouse and close friend, who honored McCue at a dinner at Donner Hotel following his retirement. Bee Photo

COST OF FEEDING TROUT LESS THAN \$1,000 FOR YEAR

Report Issued By Club To Show Expenditures For Season

It cost \$936.12, exclusive of the salary of the custodian, E. H. Hommon, to raise and plant the 171,363 rainbow trout in the Truckee River during the summer months, according to a report submitted by W. F. Powers, president of the San Francisco Flycasting Club, which annually supervises and finances, with the aid of Truckee merchants, the fish planting program.

For the benefit of the local businessmen who contributed to Truckee's fund of \$443, the cost items were listed by Bowers as follows:

Extra help.....	\$222.93
1990 pounds beef liver.....	\$92.14
2490 pounds horse meat.....	174.00
Transportation.....	36.80
Ice and supplies.....	15.05
Electricity.....	94.90

Total cost.....\$936.12
Of this total the Truckee River Sportsmen's Association and other local businessmen paid \$443, while the flycasting club paid \$493.12.

It was shown in the report that the fish were raised at a loss of less than three per cent, a record and splendid reflection on the caretaker, Hommon.

All of the fish averaged more than four and a half inches in length when released less than a month ago.

BENEFIT SHOW TO BE GIVEN BY LOCAL GRAMMAR SCHOOL

As a benefit to provide equipment and other accessories for the new grammar school auditorium, a benefit show, featuring the Lewis Assembly Players presenting Hollywood Varieties, will be staged at the auditorium Saturday evening at 7:30 o'clock.

The cast boasts of a group of nationally known radio and stage celebrities, featuring Madam Alberta, and her famous puppet "Johnnie," said to be America's greatest woman ventriloquist.

The show will close in time for those who wish to attend the American Legion dance.

LIONS WILL GO TO SPARKS FOR NEXT WEEKS MEET

The members of the Truckee Lions club next week will go to Sparks on Thursday evening to attend a meeting there. The usual Wednesday night's meeting here will be called off for the occasion.

President C. Edmunds who presided at the meeting last night will head the delegation.

Deafness Fails To Keep Driver Out Of Bastille

Just being deaf—if he really is deaf—didn't keep an unnamed car thief suspect out of jail here on Tuesday morning.

The man, about 23 years old, was apprehended at the checking station a few minutes after he sped by the quarantine station east of here without stopping. A telephone message to Clerk Frank Carson resulted in the car, registered to H. T. Withers of Reno being stopped.

The driver claimed he was unable to hear and refused to give his name, smiling broadly when the officers attempted to question him.

The owner of the car telephoned Truckee officers when he discovered his car missing, but the suspect was under arrest at that time.

Early Tuesday Withers accompanied Reno officers to Truckee and the "deaf" suspect was returned, all questions of extradition being forgotten or neglected.

DISTRICT OFFICERS ARE SPEAKERS AT TRUCKEE MEETING

A regular meeting of the Truckee Union Parents and Teachers Association was held in the high school at 7:30 p. m. last Friday. Third District President Mrs. E. P. Stoll, two vice presidents, Mrs. J. C. Griffith and Mrs. B. E. Easburn, and the secretary, Mrs. R. L. McKern, gave a very instructive round table discussion on "Knowing Our Jobs as Parent Teacher Workers," leading up to "The Wise Use of Leisure Time—A Force For Peace."

Mrs. N. F. Dolley served delicious pumpkin pie and coffee at the close of the meeting.

The next meeting will be in the grammar school, December 3. The program topic will be "Peace on Earth—Good Will Toward Men," with Rev. Everett, speaker.

NEW FIRE HOSE FOR DEPARTMENT HERE

Fire Chief Tom Dolley announced this week that the 700 feet of new fire hose to replace that which is no longer serviceable has arrived and had been tested. There are 200 feet of two and a half inch and 500 feet of one and a half inch hose, the chief said.

EDITOR TO ADDRESS P. T. A. MEETING

Mrs. Price, editor of the state Parents and Teachers magazine, will be the speaker at the Third District meeting of the Parents and Teachers Association to be held at Galt on Wednesday, November 17, Mrs. S. E. Gordon, president of the local union announced.

TAHOE MAN IS NABBED ON OLD EASTERN CHARGE

John Stevens Arrested After Search by Officers For 14 Years

WAIVES EXTRADITION

Charge with Embezzling Over \$13,000 From New York Club

John Stevens, 53, since 1926 a resident of Lake Tahoe and widely known in this district, was taken into custody by Sheriff Carl Tobiasen Wednesday afternoon for a crime which he is alleged to have committed 14 years ago.

According to Sheriff Tobiasen, Stevens had been sought since 1923 for embezzling the Knickerbocker Club of New York, one of the most exclusive clubs in America, of \$13,500, while he was employed as the cashier there.

Tobiasen said that Stevens has waived extradition and is awaiting arrival of New York officers to return him for trial.

Stevens, Tobiasen said, admitted taking \$1000 when he left the club in June of 1923 and went to Los Angeles where he stayed briefly before going to San Francisco and later to Tahoe, where he has since resided. During the 14 years that it is charged officers were seeking him, Stevens retained his right name and from all appearances was not attempting to avoid arrest.

Search was ended, according to the local sheriff, when Brewster Cameron of the American Surety company traced the suspect to the Tahoe town.

Truckee School Wins In Second Game At Tahoe

Both Teams Play Evenly As Truckee Wins By 21 To 12

After holding the lead and keeping Truckee scoreless throughout the first half, the Tahoe high school footballers Sunday afternoon dropped a second consecutive game to the Truckee boys by a score of 21 to 12. Both teams played evenly and well, there being few penalties on either side.

In the second half the Truckee team displayed a spirit of energy that kept the ball in Tahoe territory much of the time and three touchdowns were scored together with one safety and a conversion.

NEW SIERRA THEATER AT LOYALTON TO OPEN ON MONDAY

Vern Shattuck, manager of the Donner Theater here and the King's Beach Theater at Lake Tahoe, has announced that on Monday, November 15, he will open his Sierra Theater in Loyalton. The new theater is modern in very respect, with the latest type of sound equipment and appointments designed for the comfort of the patrons. The theater is the first to be erected in Sierra county.

Truckee and Tahoe friends of the management are invited to attend the opening when "The Perfect Specimen" will be the feature picture.

BROWN BEAR SHOT NEAR NEVADA CITY BY COUNTY SHERIFF

One brown bruin will not amble over Excelsior Point, east of Nevada City, any longer as he was neatly dispatched to the "happy hunting grounds" by a bullet from the gun of Sheriff Carl J. Tobiasen on Sunday. The animal tipped the scale at 260 pounds.

FOR THE PRICE OF ONE CIGARETTE

How expensive is electricity?

Facts prove that it is about the cheapest thing we use. For the price of a single cigarette—not a package—the average home owner can light a 40-watt bulb for almost four hours, or operate a radio for nearly two hours, or percolate coffee for 21 minutes, or run an automatic refrigerator three and a half hours, or run an electric clock for three and a half days, or operate an electric fan for more than two and a half hours, or operate a washing machine for 31 minutes, or run an electric dishwasher for 42 minutes.

For the price of an entire package of cigarettes the average home owner can pay all his electric bill for a day. For the price of a movie show, the family can use electricity for a week or two. For the price of a Sunday driving trip, it can pay its household electric bill for a month or two.

Here are simple comparisons that everyone can understand. They refute better than anything else the stale and fallacious argument that the cost of electricity is one of the most burning problems of the day. To the average citizen the cost of almost anything else in his daily life is more important than the cost of power.

YOUR ACCIDENT BILL

Accidents account for about 30 per cent of America's total motoring costs!

This is the estimate of National Safety Council statisticians. They figure that the expense of an average 100-mile driving trip is \$2.60, divided as follows: Gasoline \$1.50; oil, 20 cents; tires, 19 cents; accidents, 71 cents.

The direct cost of last year's accidents, according to the same authorities, was \$1,640,000,000. That is enough money to build or pave 550,000 miles of road, at a cost of \$3,000 a mile—or to buy 1,640,000 automobiles worth \$1,000 each.

It is statistically impossible to accurately determine the indirect costs of automobile accidents. But all experts agree that they are substantially greater than even the vast direct costs.

Here is a gigantic, totally unnecessary drain on the nation's economic resources. And, bad as that is, it is nothing compared to the human waste that reckless and incompetent drivers cause. In 1936, traffic accidents killed almost 38,000 human beings. They injured 1,300,000 more—of whom a greater number will eventually die as the result of the accidents. Blasted careers, parentless children, ruined homes. These are but three of the consequences of a heavy foot on the throttle, a drunk at the wheel, an incompetent in control of a lethal machine weighing thousands of pounds.

We are now entering the winter season, in which the accident rate has always risen in the past. The most dangerous driving days are just ahead, with rain, snow and ice and early darkness to add to the always present hazards. Yet it is within our power to revoke precedent and make winter a safe season. All that is needed is the cooperation of each motorist and pedestrian. Do your part.

YOUR CHAMBER OF COMMERCE

Here in Truckee we have one civic organization designed entirely and exclusively for promoting local development and progress—your chamber of commerce. This organization will do all it can to fulfill its duties and with the support of each and every businessman in town, not only financially but morally it can do a great deal. Why not attend meetings?

The Voice of Experience

Politically Speaking

By Jack Welter
United Press Staff Correspondent

SACRAMENTO, Nov. 12.—(UP)—It is becoming a capital by-word that all you have to do is mention Pacific Mutual and up pops Col. William H. (Bill) Neblett, until recently law partner and patronage dispenser for U. S. Senator William Gibbs McAdoo. It now remains to be seen whether Neblett, coming back after a somewhat undignified exit from the Pacific Mutual Insurance Company reorganization inquiry of one legislative committee will get further along the route than he did previously.

The man who spoke the magic words this time was Seth Millington, leather-lunged assemblyman from Gridley. Millington is chairman of the interim committee appointed by Speaker William Moseley Jones to dig up some facts on governmental efficiency and economy.

After a hasty investigation of the state's methods of awarding textbook contracts, Millington and his committee squared off for a whirl at the Pacific Mutual tangle.

Appointment of Neblett did not stand long unchallenged.

At its first session, the committee heard from Nathan Newby, attorney and democrat, an unsparing demand that Neblett be ousted. "Ordinary self-respect and self-protection" averred Newby, made it mandatory upon the committee to discharge Neblett as its counsel.

"Shall the legislature, through your action be made the political creature of a lawyer who has used his relationship to and within the democratic party to further his private personal and political ends?" Newby inquired particularly of the committee's democratic majority.

He added a warning that by retaining Neblett, the committee gave substance to the inference that the "legal firm of Jones and Neblett planned this entire proceeding for personal and private ends."

Last Chance

Miss Pat Hamilton waves her six-shooter to emphasize that this season's last official rodeo of the American Rodeo Association will be held in Dinuba, Cal., Nov. 10-11. With her is the \$300 sorrel horse, which will be given away the final day of the show.

After Millington had refused to oust Neblett, Attorney General U. S. Webb and A. N. Kemp, president of Pacific Mutual, cited statistics indicating the company is financially successful under its reorganization setup.

Both men assured the committee that "eventually the holders of non-cancellable policies will receive the entire amounts to which their policies entitle them."

Newby's charge of an asserted Jones-Neblett conspiracy recalled that a Biltmore Hotel conference between Jones, Neblett and Millington preceded Neblett's appearance as committee counsel.

Neblett has figured in some capacity in virtually all the public hearings into the company's reorganization.

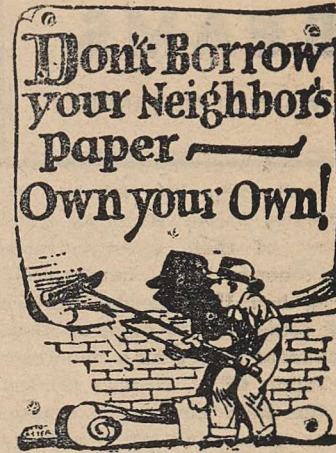

As counsel for one group of stockholders, he fought reorganization in

superior court lawsuits in Los Angeles. Having lost out in that instance, he now is fighting in the state supreme court the reorganization structure favored by State Insurance Commissioner Samuel L. Carpenter, in which assets of the old company were turned over to the reorganized concern.

When Assemblyman Leon M. Donihue of Oakland turned his legislative committee's inquiry into affairs of the Pacific Mutual, Neblett moved into the picture with little delay, also as committee counsel.

Republican Committeemen Kenneth Dawson and Clifford Cottrell led such a spirited chorus of disapproval, however, that Neblett—cashing in some \$600 or \$700 in state warrants for expenses of approximately a week's participation—hustled back to Los Angeles by airplane. The Donihue investigation fizzled out shortly (Continued on page 5)

Plane Meets Plane

Taking care to do their work so as not to hinder investigators who are now at work, these attendants at Boeing Field in Seattle are shown as they take the body of one of the five victims from the wreckage of two planes which crashed in mid-air over the field. At right is the wreckage of a Navy bomber and at left part of the pursuit plane which was in collision with it. One of the crash victims is being lifted out of the wreckage of this latter plane.

TAHOE REGION NEWS

By Swanee

ROBERT WATSON IS IMPROVING AFTER SERIOUS ACCIDENT

TAHOE CITY, Lake Tahoe, Nov. 11 Robert Watson, unfortunate victim of an automobile accident last week, is resting comfortably at his home in town, where Mrs. Stella Watson, an excellent practical nurse is attending him. His daughter, Mrs. George Collins of San Francisco, rushed home to assist in his care on learning of the accident.

Details of the accident were harrowing. The light truck in which he was returning from Idaho with a prize bull elk head tied in a conspicuous place in the front of the car, was being driven by a young hitch-hiker whom Watson had picked up along the road some time before. The young man said he was a good driver so was allowed to drive while Bob snatched a few minutes sleep. Evidently the driver went to sleep as his driving proved untrustworthy.

The car struck the abutment of a bridge and was badly wrecked. Mr. Watson was thrown down a precipitous bank, several hundred feet below where he lay unconscious from midnight until 6 o'clock the next morning unnoticed.

When finally discovered he was taken to a hospital where treatment was given.

The driver received only a slightly injured leg.

The elk's head was crushed to a mass of crumpled horns and even the meat was spoiled.

UPPER MARKET CLUB PROMISES TO RIVAL SOUTH MARKET BOYS

SACRAMENTO, Nov. 11.—(UP)—San Francisco' famed "south of Market boys" apparently are due for some organized competition—or something.

Headed by Percy W. Herman, Stanley H. Jacobson and Martin Breslauer, the Upper Market club, a non-profit organization, to "inculcate the principles of charity, justice, brotherly love and fidelity and to promote the welfare and enhance happiness of its members," filed articles of incorporation with the secretary of state.

NICE WEATHER STILL PREVAILS AT TAHOE

TAHOE CITY, Lake Tahoe, Nov. 11 Tahoe residents are knocking wood as they praise, in awed whispers, the gorgeous weather which has prevailed this fall in the lake region.

Although the thermometer has dropped as low as 24 on November 7, freezing puddles and flowers, the sun still continues to brighten the landscape daily, with only occasional cloudy and windy spells. Old timers declare it has been many years since the Tahoe region enjoyed such a length of fall season.

In an atmosphere of tension, 200 workers who have been on strike for seven weeks are shown returning to the Northrop aviation plant at Englewood, Cal., under re-employment stipulations expected to end the walkout. G-men and Army and Navy intelligence officers were on hand to preserve secrecy surrounding four million dollars worth of unfinished planes in the plant, most of which are for the Government.

SUBSTANTIAL SUM IS REALIZED FROM TAHOE CARD PARTY

TAHOE CITY, Lake Tahoe, Nov. 11 High spirits and cheerful optimism prevailed at the delightful dessert bridge held at the Tahoe Park home of Mrs. Matt Green on Thursday last. Assisting the hostess were Mrs. Northie Pomin and Mrs. Gladys Pedersen. Delicious home-made cakes and coffee preceded several hours of contract and auction bridge. A total of \$25.20 was made during the afternoon from score card fees and the sale of two extra tickets.

This sum will serve as the first step toward raising a special fund by members of the Tahoe Women's club for the rebuilding of the civic center which will serve as the meeting place for the women's club, the ski club, court room, Sunday school, public gatherings and similar civic enterprises.

Truckee women present were Mesdames Lotta Bryant, Edith Fay and A. Filipic. Tahoe ladies included Mesdames L. E. Gibson, William Gough, J. Ganow, Jess Sisk, W. A. Simmonds, N. R. Mayfield, Marie Henry, Annie Soll, Eleanor Swanson, Gerda Kvistberg, H. D. Worden, Betty Stevens, George Bliss, Nora Hevel, Alma Pierson, Irene Duffee, Gladys Pedersen, and Waller Atherton. Mrs. Gough and Kilner held the winning tickets on the cakes and Mrs. Atherton claimed the door prize. Prize winners at the tables were Mrs. Hevel, high for auction; Mrs. Ganow low; Mrs. Pierson, high at contract and Mrs. Spitzen, low.

TAHOE CITY, Lake Tahoe, Nov. 11 The Tahoe grammar school boys on Thursday won the football encounter on the golf links from the Truckee boys with a score of 24 to 13. The score was evened, however, when the larger Truckee boys took their second game from the Tahoe team on Sunday with a score of 20 to 13.

Used Cave for Glass Work
The first glass maker in Scotland was George Hay (1566-1625). He took advantage of a peculiarly formed cave at Wemyss, on the Fife coast, and set up his furnace therein.

FORMER LABORER IN TAHOE DISTRICT IS KILLED IN SOUTH

TAHOE CITY, Lake Tahoe, Nov. 11 Word has been received at Tahoe of the death of Robert Austin, 50, a laborer who has long spent his summers on Tahoe's shores and is well known here, coming first to the lake in 1911.

Shortly after leaving Tahoe this year he went to Santa Barbara where the weather was not quite so severe. He was engaged to dig a cesspool for Mrs. Morten Rodenhaver in Ogoleto, a suburb of the city. The walls caved in and he was thrown into a pit of water where he laid for some time before being discovered. The inhalator squad of the fire department worked for more than an hour over him but he failed to revive.

Mrs. Stella Watson is writing this week in an attempt to contact a brother believed to live in the east.

Tahoe Ramblings

(By SWANEE)

A letter from Murray Smiths declared they arrived safely in Vermont but they were very tired. They have acquired a small car and some rabbits and chickens and plan to farm on a small scale. Mrs. Smith said the scenery in Vermont in no way compares with Tahoe's beauties and we somehow suspect they are a little homesick.

James Wilson who resided this summer near Pomin's resort left on Friday for Oroville where he has wintered annually for some years past.

Miss Anne McDonald of Stockton enjoyed a visit at the Tahoe home of her sister, Mrs. John Reedy in Timberland on Sunday. She was accompanied by Mr. and Mrs. Keith Deegan and John Flynn all of Stockton.

Everett Prusso who has been confined to his home on Ward creek for several weeks with arthritis was able to be up again Friday. His many friends are hoping for a speedy recovery.

Mrs. Mable Oliver, daughter of Mrs. Etta Tyler of Lake Forest, who has been in ill health for some time, has been sent to Iowa where she entered a hospital for specialized treatment. Her sister, Mrs. Rose Pennington of Lebanon, Oregon, accompanied her. Mrs. Tyler will remain in Oakland to care for the children and keep house for Mr. Oliver.

Miss Marie Miller of Reno who has just returned from a month's vacation in Santa Barbara, spent the week end at the home of her mother Mrs. Charles Swanson of Sunnyside. Another visitor was Carl Brooks of Brockway.

Mr. and Mrs. George Farley of Sacramento spent Thursday and Friday at the Lake Forest home of Arthur Delbo.

Miss Florence Bosse of Vagabondia Lodge who left several weeks ago for San Francisco, is planning a trip to the Hawaiian Islands.

Mr. and Mrs. John Stevens have returned to their Tahoe City home for the winter months.

Mr. and Mrs. Fred Werner and son Freddie of Newcastle enjoyed the week end at their summer cottage in Lake Forest.

MEETING CALLED TO DISCUSS PLANS FOR NEW CIVIC CENTER

TAHOE CITY, Lake Tahoe, Nov. 11 A special meeting was called Monday afternoon by Mrs. H. D. Worden, the president of the Tahoe Women's club, at the home of Mrs. George Bliss at which concrete plans for the rebuilding of the clubhouse, destroyed by fire, recently, were laid.

The first step to be taken is the circulation of a petition among the residents of the own now occupying the site of the original land grant in 1872. Following completion of this, Mrs. Matt Green and Mrs. George Bliss will go to Auburn to present the petition to the board of supervisors whom it is expected, will approve erection of a new community center building, to be sponsored by the women's club on the Commons.

Mrs. N. R. Mayfield at the recent meeting was appointed chairman of the building committee with the privilege of appointing assistants to aid her, with Mrs. George Bliss as chairman of the finance committee.

Letters of solicitation for financial aid will be mailed to all Tahoe residents and land owners soon with the

hope that enough can be raised to erect an attractive building which will not only beautify the commons, but serve as an asset in the town in caring for all civic gatherings.

HOBART MILLS

Morris Cardinal and son, Ralph, of Carson City were Hobart visitors on Sunday.

Mr. and Mrs. Robert Hill and family were the guests of relatives in Grass Valley on Sunday.

Elmer Horan accompanied by his mother, Mrs. Mary Horan, were Hobart visitors one day last week from their home in Modesto. The Horans are former residents of Hobart Mills and Mr. Horan is employed on the city police force in Modesto.

Earl Ross passed through town one day last week en route to Sacramento where his family is residing. Ross has been employed at Sloat but due to the season's work being slowed up, was laid off.

Alvin Kiddy, an employe on the road construction, has gone to Sacramento, where he will spend the winter months.

Mr. and Mrs. J. O'Brien have gone to Colusa, where he will be employed on a construction job for the winter months.

T. K. Oliver visited friends in town Sunday afternoon from Deleker, where he is manager of the Feather River Lumber Company.

Q. D. Oliver left last Thursday afternoon for Berkeley, where he spent the weekend, returning here Tuesday and will spend several days in town this week.

Mr. and Mrs. John McPherson left Saturday afternoon for Truckee, taking the overland train to go to Prince Edward Island, Canada, their former home, where they will probably reside in the future. McPherson recently completed his work in the planning mill of the Hobart Estate Company.

Glen Shoemaker and Carr Galbo-stean left here recently for Los Angeles, where they will spend the winter months, after being employed by the government on highway construction all summer.

Mr. and Mrs. Jack Murphy and daughter of Grass Valley visited at the home of Mr. Murray's parents, and Mrs. E. C. Murray, over the weekend.

Mr. and Mrs. Robert Miller and Mr. and Mrs. A. B. Adams have gone to Colusa, where they will be employed this winter.

Mr. and Mrs. Leroy Wilson of Truckee, accompanied by Mrs. Frank Wilson, visited friends at Graeagle on Sunday afternoon.

Mr. and Mrs. E. C. Murray, over the Wednesday of last week at Nevada City, where he was called to serve as a juror in the superior court.

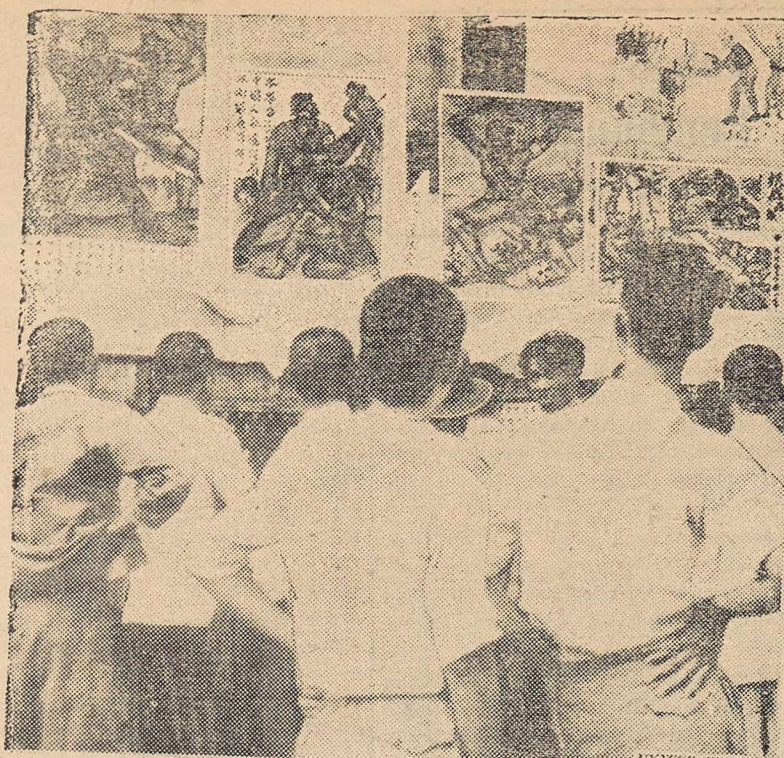

Mr. and Mrs. Alex Robertson spent the day at You Bet and Nevada City on Thursday of last week where he was looking over county road work.

Mrs. Hannah Stewart and daughters have moved into the Walter Edwards house on the highway for the winter months.

W. J. Thomas of Tahoe City visited at the home of his sister, Mrs. Hannah Stewart, on Sunday afternoon and evening.

Mrs. E. W. Canady is spending the week with friends in Roseville to be with Mr. Canady, who is building a house in their new home town.

Mr. and Mrs. Albert Canady of Sparks visited here Saturday and

And what a furore there was when the police of foreign nations at the International Settlement in Shanghai discovered the posters shown above pasted on the settlement walls. They were thought to be pro-communist proletarian art and were torn just after this picture was snapped. Later examination, however, revealed they were the work of highly patriotic Chinese who were merely condemning other Chinese citizens who failed to contribute services or funds in the current war with Japan.

went to Roseville Sunday, where they spent the day with Mr. and Mrs. E. W. Canady.

Alex Robertson, accompanied by Frank Wilson, were at Dutch Flat and You Bet on Monday where Robertson was overseeing some work he is having done on the county roads in that vicinity.

E. K. Wilson was a Hobart visitor on Tuesday. They are now staying near Colfax and are former well known residents.

Mr. and Mrs. Louis Dolliver and infant son have gone to Crescent Mills, where they will reside during the winter months.

A. Thain has gone to San Francisco, where he will make his future home.

Frank B. Marks has gone to Newman, where he will reside in the future.

Mrs. Martha Luhrs of Carson City is visiting at the home of her parents, Mr. and Mrs. J. B. Clark.

Chester Elliott of the C. and E. Electric Company was a Hobart visitor on Tuesday, while doing some service work for local people.

SACRAMENTO, Nov. 11.—(UP)—Leading educators from all sections of northern and central California will be included among the teachers who will convene here November 22, 23 and 24 for a meeting of the Northern California Teachers Association. Attendance is expected to total

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

October 28, 1937.

To Whom It May Concern: Notice is hereby given that fifteen days after the above date, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Sierra Tavern, Truckee, California.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance of alcoholic beverage license (or licenses) for these premises as follows:

On sale beer and wine.

On sale distilled spirits.

Anyone desiring to protest issuance of such license (s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law.

Name: Mrs. Lillian E. O'Hanrahan

DEFENSE OFFERED BY FEDERAL OFFICIAL IN PRISON PAROLES

SACRAMENTO, Nov. 12.—(UP)—A defense of the parole system was offered by Charles H. Upton, chief of the probation department of the United States district court for the northern district of California, in citing favorable statistics in federal prisoners.

In a report covering the fiscal year ending last June 30, Upton said fewer than one per cent of the federal prisoners in his district granted freedom during the period violated terms of their freedom.

The probation officer, however, urged that methods other than probation or parole be used in dealing with narcotic addicts.

He pointed out that the government spends approximately 80 cents a day to keep an offender in prison, whereas 6 cents a day is spent in checking parolees and probationary prisoners.

"With the policy of probation and parole under sharp criticism from all sides—criticism based in most cases on insufficient knowledge of the facts—too much stress cannot be laid upon the necessity for considering each case primarily in relation to its possible effect upon public interests," Upton said.

"Parole is not leniency," he continued. "Parole is granted only when we know a prisoner is well and competent to adjust himself and his release will guarantee public security. Fewer than seven per cent of all men released by the United States Board of Parole have been returned as parole violators. The public does not hear about the other 93 per cent who are making good. It is the failures in parole that are publicized; the success cannot be advertised."

more than 2000. President of the association is C. Price of Orland.

Wore Prince Alberts
In the "nifty nineties," most United States senators wore Prince Alberts. The frock coat was a symbol of statesmanship and a beard was the mark of a man of maturity and substance.

NOTICE OF PUBLIC SALE OF AUTOMOBILE TO SATISFY LIEN

NOTICE IS HEREBY GIVEN that on the Tenth day of November, 1937, at the hour of 10 o'clock A. M. of said day at the premises known as the Truckee Garage situated at the Truckee Garage in the Town of Truckee, County of Nevada, State of California, the undersigned will sell at public auction to the highest bidder for cash in lawful money of the United States the hereinafter described automobiles and motorcycle to satisfy a lien of the undersigned for storage and repair charges. The descriptions of said automobiles and motorcycle together with the amount for which lien is claimed are as follows:

1927 Buick Sedan (Standard Six), Engine Number 2165032; 1937 license Number GT 795 (Wash.); amount due as of date of sale \$40.00; registered and legal owner Violet Matlock.

1929 Ford Coupe, Engine Number A 1432539; 1936 license number 27-573 (Nevada); amount due as of date of sale \$76.79; registered and legal owner Percy Motor Company.

Harley Davidson Motorcycle, Engine number 27JD3253; 1936 license number 11-017 (Calif.); amount due as of date of sale \$15.00; registered and legal owner Charles La Valle.

Said sale will be made in accordance with the provisions of Sections 3061 and 3052 of the Civil Code of California and Sections 427 and 428 of the Vehicle Code of California and for the purpose of satisfying the lien of the undersigned on said automobiles and motorcycle in the sums hereinafore mentioned together with costs of said sale; said lien being for services rendered by the undersigned in storing, safekeeping and repairs on said automobiles and motorcycle.

Date of first publication, Oct. 14, 1937.

STATE DEATH RATE SHOWS GROWTH IN STATISTIC REPORT

SACRAMENTO, Nov. 12.—(UP)—The average Californian's chances of living through 1937 are considerably smaller than they were of surviving 1936, it appears from statistics reported by Dr. W. M. Dickie, state director of public health.

Dr. Dickie informed the governor's council that the first two months of 1937 brought 17,808 deaths in the state, exclusive of still births. This was an increase of 28.4 per cent over the same period of the previous year.

The director said the greatest number of the mortalities occurred in the older age groups with diseases of the circulatory system, influenza and pneumonia accounting for an increase of 8,679 fatalities.

On the other hand, Dr. Dickie reported, infant deaths also increased from 672 in January and February of 1936 to 883 for the same period this year.

Although communicable diseases caused considerably fewer deaths for the first two months of the year, tuberculosis claimed 9.9 per cent more victims. Death was charged to tuberculosis in 920 cases against 837 for the same period last year.

NORTH STATE RUM DEALERS OBJECT TO SOUTH'S PLAN

SACRAMENTO, Nov. 11.—(UP)—A recent demand of Southern California liquor dealers that California bartenders be required to collect prices ending in 0 or 5 for drinks has met with no support in the northern half of the state, in the opinion of board of equalization member Richard Collins.

Collins said a recent meeting of Northern California liquor dealers failed to develop any backing.

The proposal would in effect require tavern owners to pass on the sales tax. Collins said he doubted whether the board would consider the idea further.

PATRONIZE TRUCKEE STORES

MEEK'S BAY ITEMS

The H. and W. Philanthropic club of Meeks Bay and vicinity has resumed its weekly meetings with 17 members at the first meeting. The officers are Mrs. Cora Walker, president; Mrs. Laura Hale, secretary and Mrs. Kiefer, treasurer.

Officers of the club wish to correct a statement made about the middle of May about the Bowman house warming. It was reported that the H. and W. Philanthropic club members gave the house warming, which was not correct. The neighbors and those who served from the Home-

wood telephone station joined in giving the party.

Mr. and Mrs. H. M. Walker of Rubicon Park were called to Fresno upon receipt of word that Mr. Walker's mother had fallen and broken her hip.

Mr. Phil Gier has moved into his new quarters at the R. K. Davies at Rubicon Beach.

Mr. and Mrs. Cecil Bowman and son of the Homewood telephone exchange are vacationing in Texas, visiting Mr. Bowman's mother.

TOWN HOUSE TAKEN OVER BY BOARD OF TRADE IN RENO

The Town House club, widely known rendezvous of Reno has been taken by the Nevada Board of Trade for the benefit of creditors, according to word from Reno this week. At the present it is problematical whether the resort will be opened by the committee or not.

quiry is a waste of time which can hope to achieve little.

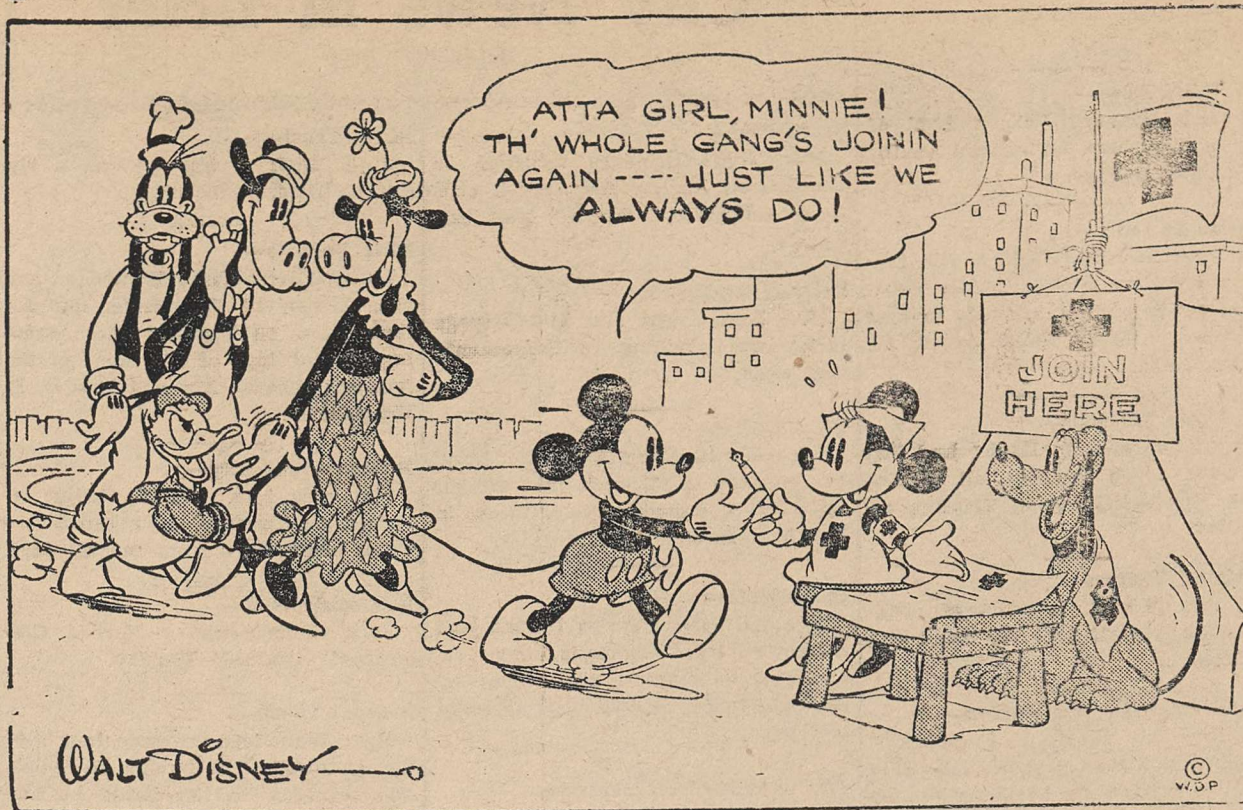

One assemblyman, viewing the committee's activities from long range commented:

"The Pacific Mutual, to all appearances, is making a good comeback and probably will pay out. Why then can't they leave it alone?"

It seems to me that condition is an indication that the company's all right and the only result this committee is likely to achieve will be to stir up uneasiness and possibly panic the stockholders.

"In the first place, there's only about \$19,000 for expenses of all the interim committees. With a lot of the committeemen collecting per diem expenses, that money won't last long and an investigation such as this can't hope to do more than scratch the surface."

HOW ABOUT YOU?

OFFICERS WIN MEDALS AT MEETING OF ASSOCIATION GROUP

Sheriff Carl Tobiasen presided at a dinner meeting of the Nevada and Sierra Peace Officers association held at Nevada City Friday evening.

State Patrolman C. E. McKee of Truckee was presented with a silver medal for marksmanship on the range with small arms. Other awards were made to Captain Joe Blake and Chester Butz, who got gold medals and Patrolman Carl Kitts who also received a silver award. Officer Arthur Barriack who was recently stationed here, was presented with a bronze medal as was Game Warden Earl Hiscox.

LABOR CONDITIONS SHOW IMPROVEMENT IN STATE DURING RECENT PERIOD

SACRAMENTO, Nov. 12.— (UP)—More workers are gainfully employed, total payrolls were higher and the average weekly earnings in California showed an increase during September, 1937, compared with the corresponding month a year ago, the division of labor statistics and law enforcement reported.

The statistics were based on reports from 1,561 representative manufacturing establishments throughout the state. The increases listed were 5.5 per cent in employment, 14.9 per cent in payrolls and 9 per cent in average weekly earnings.

TRUCK AND STAGE DIVISION OF STATE RAILROAD COMMISSION IS OPENED

SACRAMENTO, Nov. 12.— (UP)—A branch of the state railroad commission's truck and stage division will be opened here this week.

Officials at the commission's headquarters in San Francisco said A. C. Seidel, inspector for the district including Sacramento and surrounding counties, will be in charge.

The inspector's main duties concern checking of stage and truck companies to determine whether they are licensed properly or are charging proper rates for various types of service.

OLD MEETING DATE FOR COLUSA SUPERVISORS CHANGES AFTER 55 YEARS

COLUSA, Nov. 11.—(UP)—A custom which has prevailed here for 55 years is to be sacrificed to the board of supervisors' desire to get its work done earlier in the month.

The board instructed District Attorney Ralph W. Rutledge to draft an ordinance changing the board's traditional meeting date from the first Monday of the month to the first day of the month, barring Sunday.

BACK FROM TRIP

E. L. Loynd has returned from a hunting trip to Utah. Although he reported an enjoyable trip, he failed to bring home a deer.

BIRTHS ON INCREASE IN STATE, REPORT SHOWS; NEVADA COUNTY GAINS

SACRAMENTO, Nov. 12.— (UP)—California's birth rate faces no immediate danger of a decline, reports prepared by the state department of public health disclosed.

During the first six months of 1937, 4,232 more births were registered than were recorded for the same period last year. Almost every county of the state participated in the increase.

In Nevada county there were 141 births for the first six months of this year, against 115 in the same period of 1936.

Only the mountain counties and some in the rural districts failed to show gains. Outstanding were the increases registered in the larger centers of population, notably Los Angeles, San Francisco, Oakland, San Diego, Sacramento, Long Beach, Glendale, Pasadena and some of the smaller industrial centers.

The record showed 79.9 per cent of all births reported for this year were members of the white race. A total of 22,939 boys and 21,374 girls was recorded.

SLIGHT DECLINE IS SEEN IN REVENUE FROM BEER, WINE SALES IN STATE

SACRAMENTO, Nov. 12.— (UP)—A slight decline in the sale of beer and wine during September was indicated by the monthly tax report of the state board of equalization.

Beverage taxes assessed during the month totaled \$195,278.09, a decrease of \$11,281.86 compared with the same month of 1936. About half of the decrease was due to the reduction in the tax on dry wine from two cents to one cent per gallon, the report said.

The tax levy represented distribution of 8,317,936 gallons of beer, 1,613,833 gallons of still wine and 33,580 pints of sparkling wine.

SACRAMENTO, Nov. 12.— (UP)—A new gold dredger, said to be one of the largest in the world, has been placed in operation by the Natomas company near Folsom.

The boat, costing \$600,000 to construct, has an estimated capacity of 4,000,000 cubic yards of earth annually.

MARRIAGES IN STATE ON UP TREND, ACCORDING TO RECORD OF DIVISION

Improved business conditions during the first nine months of 1937 are borne out by activities of Mrs. Dan Cupid, records of the state department of public health revealed.

The little man with the bow and arrow scored 48,305 marriages for the period, against 44,938 marriages in the corresponding period of 1936.

In Nevada county there were 77 marriages in the first nine months of this year, while in the same period of 1936, 61 marriages were performed.
